Oil Train Derailment, Mosier, Oregon

On 06/03/16 at approximately 1345 hours, a multi-car oil train derailed in the Columbia River Gorge near the town of Mosier, Oregon.

- The train originated in Eastport, Idaho, headed for the U.S. Oil & Refinery Co. refinery in Tacoma, Washington with highly volatile Bakken crude oil.
- The train is operated by Union Pacific Railroad (UPRR).
- Ken Armstrong, spokesman for the Oregon Department of Forestry, says the incident involved 11 cars filled with oil. Six to eight of the cars were on fire, according to the Oregon Department of Environmental Quality.
- Jennifer Flynt, a spokeswoman for Oregon's Department of Environmental Quality, said the plan at this point is to allow the oil to burn.
- Highway 84 is closed for a quarter-mile near the site and the radius for evacuations was a half-mile.
- The cars derailed within about 20 feet from the city's sewage plant, Mosier Mayor Arlene Burns told The Oregonian. It's not clear how much damage the plant sustained, she said. A sewer emergency was posted on the city's website advising residents to not flush toilets or run water down sinks or tubs
- Mosier Community School was evacuated, according to a spokeswoman from the superintendent's office of the North Wasco County School District 21.
- The California State Warning Center (CSWC) has not received any requests for assistance.

Sinkhole, Northbound/Southbound I-5 Closure, Tracy, San Joaquin County

On 05/31/16, the California State Warning Center (CSWC) was advised of a sinkhole that appeared on Northbound I-5 south of Tracy, San Joaquin County.

- On 06/04/16 at 0514 hours Caltrans reported:
 - The route is reopened to Northbound traffic and is reduced to 1 lane at the Jct. of SR 33.
 - The cause of the sinkhole was a broken irrigation pipe. Repairs to the irrigation pipe have been completed.
 - Estimated Time of Reopening (ETR) for Southbound traffic is 06/05/16 at 1200 hours.
- There are no requests for State assistance.

SITUATION SUMMARY

Southern Region Excessive Heat Event 06/03/16 – 06/05/16

Preparations are underway in response to the forecasted Excessive Heat Event through 06/05/16.

- The Southern Region Duty Officer (SDO) will continue to monitor and provide updates as they become available.

Imperial County

- Imperial County will activate their designated Cooling Centers through 06/05/16.

Orange County

- The Operational Area (OA) will monitor the situation, but does not plan to activate their Excessive Heat Plan.
- County government buildings are available as Cooling Centers. No additional facilities are being opened.

San Diego

- The County will implement the following actions through the weekend:
 - All libraries will be open and serve as Cooling Centers. [The libraries will operate on a regular schedule with the exception of Borrego Springs which will have extended hours from 0900 – 1900 hours on 06/04/16.](#)
 - Aging and Independent Services have identified Cooling Centers (local businesses and libraries) that will be open during the weekend. Contacts on this list are currently being verified before the list is finalized. A 24/7 hotline has been established and is available. All information available will be coordinated with County OES and 2-1-1.

San Bernardino County

- Temperatures forecasted for portions of the County meets the Excessive Heat Warning Phase III of the San Bernardino County Operational Area (OA) Excessive Heat SOG. San Bernardino County Operational Area has advised their cities of the Excessive Heat Warning.
- At this time, the OA plans to monitor the situation and gather additional information from the NWS.

Inland Region Excessive Heat Event 06/03/16 – 06/05/16

- Kern, Madera, and Sacramento Counties have opened Cooling Centers in response to the forecasted Excessive Heat Event this weekend.
- San Joaquin and Merced Counties will be assessing conditions throughout the weekend.
- The Inland Region Duty Officer (IDO) will continue to monitor and provide updates as they become available.

Coastal Region Excessive Heat Event 06/03/16 – 06/05/16

- [The Cal OES Coastal Region Duty Officer \(CDO\) has polled all Coastal Region Counties.](#)
- [At this time, no specialized cooling centers are being opened.](#)
- [Counties report that impacted residents are being referred to local public venues such as libraries, community/senior centers and malls to cool off.](#)
- [Santa Clara County will be pushing information out on social media and using 2-1-1.](#)
- [The CDO will continue to monitor.](#)

FIRE ACTIVITY

Cal OES Fire Preparedness Levels

National	Northern California	Southern California
Preparedness Level 1	Preparedness Level 1	Preparedness Level 2
	Multi-Agency Coordination System MACS Mode: 2	Multi-Agency Coordination System MACS Mode: 2

Pala, Vegetation Fire, San Diego County

Location: Pala-Temecula Rd. x Rancho Heights, South of Temecula

Jurisdiction: State DPA / SRA

Start Time: 05/31/16 at 1345 hours

Per CAL FIRE as of 06/03/16 at 2211 hours:

- 70 acres, 30% contained

EOC Activations

- San Diego County EOC was activated at Level 1 from 1800 hours to 2340 hours on 06/03/16. The EOC has deactivated.

FMAG

- On 06/04/16, an FMAG application was received from the San Diego CAL FIRE Unit for the Pala Fire. Per Cal OES Fire this incident does not meet FMAG criteria and has been placed on hold.

Evacuations

- Evacuations have been lifted but roads in the area are being re-opened for residents only, including Pala Temecula Road open to and including Rancho Heights Road (for residents only). Pala Temecula Road is closed south of Rancho Heights Road.

Evacuation Centers

- An Evacuation Center/Care Reception Center was established by the Red Cross at Great Oaks High School, 32555 Deer Hollow Way, Temecula (Riverside County) for residents who were evacuated from their homes due to the fire.
- Three families reported to the Care Reception Center, but did not seek additional assistance from the Red Cross.
- The Care Reception Center closed at midnight on 06/04/16.

 - [Road closures have been lifted.](#)
 - [The Pacific Coast Trail is scheduled to reopen to hikers on 06/04/16 at 1800.](#)
 - [There are no current evacuations in place.](#)
- The Cal OES FDO will continue to monitor the incident and provide updates.

CAL OES MISSIONS

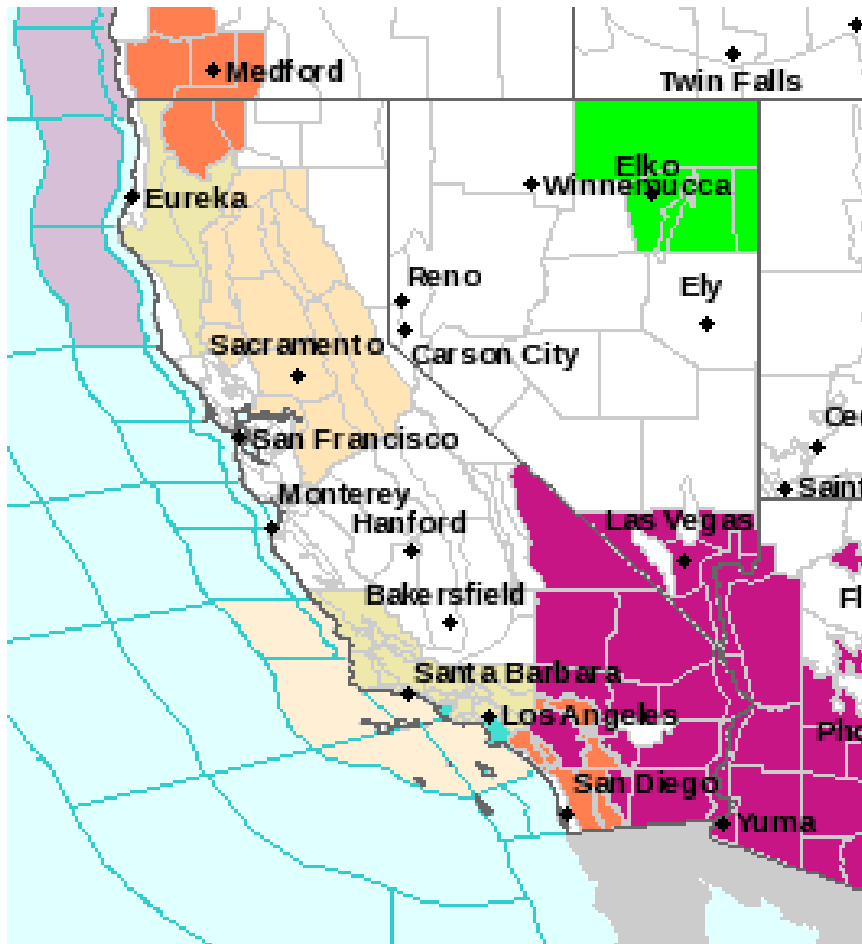

New/Closed Cal OES Missions

- **2016-LAW-24052, 6/3/16, 1246 hrs.,** The IERCC reported a SPOT device activation in San Diego County on the Pacific Crest Trail, coordinates: 32.94353, -116.48570. LDO was unable to make contact with the R/O of the device who is reportedly on a 100 mile race in that area. A message was left asking him to call ASAP. Per IERCC, the device has been moving since the initial activation consistent with his reported activity. Courtesy notification was made to San Diego Sheriff's Department but a decision was made to delay a response as all indicators point to an accidental activation. LDO coordinated with IERCC on the device's movement throughout the day and no anomalies were detected. At 2030 hrs., LDO received phone call from R/O who advised he was okay and the activation was accidental. He was instructed to deactivate the device. IERCC advised. **Mission Closed.**
- **2016-LAW-24056, 6/3/16, 1603 hrs.,** The AFRCC reported a PLB sounding near Lancaster, Los Angeles County at coordinates: 34 45.00N, 118 00.00W. AFRCC advised this is an unregistered device. LASD EOB briefed. They are deploying their Lancaster Units and an Airship. **Update: 1725 hrs.,** LASD advised they were UTL on anyone in distress. AFRCC advised. **Update: 2123 hrs.,** AFRCC advised 3rd consecutive missed pass. **Mission Closed.**

On-Going Cal OES Missions

- 2016-LAW-23009, 1600 Hours, 5/31/2016, Placer County Sheriff's Office (PCSO) is requesting resources to locate the victim of a boating accident on Camp Far West Lake. PCSO is requesting side scan sonar and divers to assist with the search. Amador, Sacramento and El Dorado County Sheriff's Departments are responding with requested resources. **Update: Per PCSO, El Dorado SO will return today (Saturday) with the Placer SO Tahoe team to locate and recover the victim of the boating accident. LDO is working with PCSO on other diving resources in the event they are UTL today. Mission On-going.**
- 2016-LAW-22803, 05/24/16, 1200 hrs, Humboldt County Sheriff's Department (HCSD) is request resources to assist in locating the remains of a victim of a cold case homicide. HCSD is requesting (3) HRD search dog teams. **This search began 06/04/16 at 0900 hrs. California Governor's Office of Emergency Services, Law Enforcement Branch is coordinating the search dog response. Mission On-going.**

WEATHER FORECAST

Excessive Heat
Warning

Heat Advisory

Weather of Concern

- For interior Northern California high temperatures in triple digits are likely for much of the Central Valley. The hottest days are likely to be today, with temperatures 15-20° warmer than normal.
- For inland areas of Southwest California the peak of the heat is expected today, with widespread highs in the 90s and 100s across interior areas.
- This extended heat event will bring an increased risk of heat related illness as well as elevated fire danger across interior areas.
